

March 1, 2011

Paul,

Thank you for the very impressive job you did on the remodel and construction work for Corona Cigar's office building. We were very impressed with your professionalism, the time you invested, and the suggestions you brought to the table to help make our ideas functional. Schick Construction exceeded our expectations on every facet of the process. You were respectful of our building needs, time lines, and budgets. You made sure our completed project was exactly as we envisioned. Your professionalism and integrity would benefit any company's construction or maintenance project. I couldn't be happier to recommend Schick Construction to anyone, for any level of project. I look forward to future opportunities to work with Schick Construction.

Sincerely,

Jeff Borysiewicz
